

~ TrueCouponing.com 2013 School Supply Stock Up Price List ~

School supply prices can vary from year to year. If you see a price that is slightly higher on an item you need, it may be worth picking up to save you time running store to store.

Sometimes schools/teachers request name brand items. We have included a separate Stock Up Price List for those items. They are slightly higher than their generic counterparts, but still available at super low prices in July and August.

You'll see a price per item or "each" listed on things like glue sticks and highlighters. Since many items are sold in different size packages (3 ct, 8 ct, etc), if the Stock-Up Price is \$ 0.10, you'll know that a 3 ct pack at \$0.30 is a good deal!

~ NAME BRAND ITEMS ~

***usually FREE or \$0.01 with additional purchase**

~ Backpack Shopping Tips ~

- The best prices on backpacks are found AFTER school starts on clearance. If last year's backpack isn't too worn, consider making this purchase after school starts or buy one for next year!
- Office Max usually offers 100% back in Rewards on backpacks at the end of July, so keep an eye out for that sale!
- Consider purchasing the Staples Back To School Savings Pass to save an additional 15% off School Supplies through the end of August. It costs \$10, but if you can save much more than that using this pass!
